Where a new line is required, the End User (EU) warrants that they have an operational line from the network boundary, and that they may be required to be present by appointment when the line is connected. If the line is not so connected, additional charges from the Carrier will be passed on to the EU. There will be an outage of up to 15 minutes for incoming and outgoing calls, as well as broadband when the line is jumpered for new and ported connections.

The EU agrees that CPE (Customer Premise Equipment) conform to AS/ASIF S002, S004 and AS/NZS 60950-2000 standards. The EU further agrees that line filters may need to be changed to comply with ADSL2+ which runs at a different frequency to ADSL (Telstra line filters are likely to be incompatible).

The EU is responsible for returning their telephone handset to Telstra (where applicable), else a \$89.95 fee is payable, and organising a replacement handset.

Changing from your current Local Call provider may take up 5-18 business days.

As a result of changing provider any services (including any DSL/Spectrum Sharing service) associated with that telephone number will be disconnected and may result in finalisation of the customer's account for those services. Although the EU has the right to port their service number, there may be costs and obligations associated with the port which may include early termination fees and porting fees.

Some functions, facilities and/or discounts that are available through your current provider may not be available through FutureWeb and the Optus network.

Terms and Conditions

In the following Terms and Conditions, the COMPANY refers to FutureWeb Pty Ltd or its subsidiaries. The CUSTOMER refers to the signatory or their associated business. The signatory must be at least 18 years of age, and the telephone line account holder or an authorised representative.

I understand and acknowledge that:

- The Customer must comply with the "Acceptable Use Policy" of the Company's and that of other network systems that are accessed indirectly or directly (<http://www.futureweb.com.au/AccUsePolicy.htm>) and the Company's Terms of Trade (<http://futureweb.com.au/adsl/terms.asp>)
- The Company reserves the right to suspend or terminate, with or without notice, any Customer's account which, in the Company's opinion, is directly or indirectly involved in activities which are detrimental to the Company's Internet or Telephony service or jeopardise the use of the Company's services or its performance for other customers or how the wider community will perceive the Company. This includes, but is not limited to e-mail 'spamming', Customers listed or who cause the listing of the Company or its customers on any Real-time Black List, and the use of bulk e-mail programs to unsolicited recipients, commercial advertising, informational announcements, charity requests, petitions for signatures, chain letters and political or religious messages, attempted unauthorised access to other Internet servers and systems, misrepresentation and abusive or offensive behaviour in newsgroups, chatrooms or other online facilities, abusive, unwelcome or nuisance phone calls.
- The Company may suspend, limit or cancel the Customer's ADSL service if the data uploaded exceeds the data downloaded AND the total of uploaded and downloaded data exceeds 30GB in a month. Such action will only be undertaken if requested by the Company's wholesaler.
- The Company assumes no responsibility or liability arising either from the content or for any error, defamation, libel, slander, omission, falsehood, obscenity, pornography, profanity, danger or inaccuracy contained in any information accessed. The Customer is prohibited from posting communicating or transmitting any unlawful, threatening, libellous, offensive, obscene, scandalous, inflammatory, pornographic, or other materials that could constitute or encourage conduct that would be considered a criminal offence, give rise to civil liability, or otherwise violate any law.
- The Customer is responsible, for all charges in respect of the use of the Telephony or ADSL services whether or not such usage was authorised. It is the Customer's responsibility to maintain the security of the means of access to the services and to ensure no unauthorised use occurs.
- The Customer agrees to pay all set-up, access and usage charges (where applicable) and any other charges related to the service chosen by the Customer, once the Telephone line has been confirmed as available. Shaped plans are payable in advance either by credit card on a monthly basis, or quarterly via cash, cheque or money order. Plans with a data limit are charged via credit card only on a monthly basis, monthly fees in advance and data in arrears. Accounts in dispute must be paid on time and a refund will be made if dispute is resolved in your favour.
- Access fees will be charged in advance on the first day of the month. Monthly charges will also include excess data charges, phone calls, or other fees payable from the previous month (as applicable). Any charges due at the time of termination MUST be paid at the time of Termination.
- Minimum contract term for the Telephone Line Rental is twelve (12) months. Termination of this contract by the Customer within this period will incur an Early Termination fee. Migrating to another ADSL access plan will incur a "Change of User Access" fee.
- The Customer will be charged a Relocation Fee for any changes to the address and/or phone number where the service(s) is/are installed. The minimum contract term for Telephone Line Rental at the new premises shall be twelve (12) months. If ADSL is not available at the new address, Early Termination fees may apply.
- If the Customer preselects another carrier as their Long Distance Provider, they will lose the \$15 per month Long Distance Preselection discount.
- If credit card details are supplied, the Company is authorised to debit that credit card for any fees as and when they fall due. If updated credit card details are provided to The Company, The Customer agrees the cardholder's signature on the original form is binding for the new details.
- Accounts with a negative balance and no automatic debit authority may be disabled without notice, if outstanding amounts are not paid by the due date. Accounts in arrears for more than 30 days may be suspended without notice. The Customer is responsible for any reconnection fees. Early Termination fees may apply if services are disabled within the minimum contract period.
- The Customer is required to pay for any and all charges by Internal or External collection agencies in regards to overdue monies owed to the Company by the Customer.
- The Company may increase its charges by any new or increased Government taxes, charges, fees, or duties.
- In some cases it may not be possible to provide the Telephony, or ADSL Bundled service. In such an event both parties will be released from their obligations under these Terms and Conditions and the Company will have no liability to the Customer. The Customer accepts that some services offered by the Third Party Carrier's Network infrastructure are incompatible with the Telephony and/or ADSL service and may not be available to the Customer, after connection to the Network. The Customer acknowledges that third party services such as alarm monitoring or Digital TV, may be affected and that any third party provider of such a service connected to the proposed telephone line have been informed.
- The Customer acknowledges that the Company cannot be held responsible for any loss incurred by the Customer because of faults and/or failures within the Third Party Carrier's Network infrastructure. The Telephony and/or ADSL service is used at the Customer's own risk and the Company takes no responsibility for any data downloaded and/or the content stored on the Customer's computer. The Customer agrees not to make any claim against the Company, its suppliers, employees, contractors or assignees for any loss, damages or expenses relating to, or arising from the use of the Telephony and/or ADSL service.
- The Company will use its best endeavours to make the ADSL service available to the Customer 24 hours a day, 7 days a week. The Customer acknowledges that the Company cannot guarantee uninterrupted service, the speed, performance or quality of the Telephony and/or ADSL service. The Customer further acknowledges that the Telephony and/or ADSL service(s) is/are not fault free and there may be interruptions and/or access problems from time to time as the Company depends on the performance of Third Parties over which the Company has no control and therefore can accept no liability for problems that may arise from the service.
- The Customer is not permitted to on-sell any services or data provided to them via the Company's Telephony nor ADSL link. This includes but is not limited to situations such as an Internet Café, wireless networks, web servers, news services or multiple businesses via a single connection, unless previously agreed to by the Company.
- The Customer agrees to direct all queries regarding faults and outages of the ADSL service to the Company's Technical Support. The Customer is liable for any charges relating to enquires to Third Party service providers. The Company will invoice the Customer for any cost incurred by the Customer calling any Third Party service provider for help or queries relating to the Telephony and/or ADSL service.
- If the Customer supplies their own ADSL modem or Telephone handset, they are solely responsible for its maintenance and configuration. If the Company supplies the ADSL modem or router, it will be pre-configured by the Company's personnel. Equipment provided by the Company to the Customer is covered by a one (1) year return to base warranty. Where it is found that the Customer has tampered with a Company-supplied CPE (Customer Premise Equipment) and reconfiguration is required, a service charge and/or freight may be payable.
- The Company reserves the right to change these Terms and Conditions without notice to the Customer.
- This contract will be ongoing until terminated by either party giving fourteen (14) days notice in writing. If the Customer terminates this Agreement before the expiry of the initial contract period, the Customer will be liable to pay the Early Termination Fee.

By signing this form I understand and accept the above Terms and Conditions

National ADSL2+ and Telephony Bundle Check List

This checklist does not form part of the ADSL2+ and Telephony Application Form, and does not have to be returned. It is provided for informational purposes only, but it is strongly recommended that these items are verified to avoid unnecessary delays and/or unexpected costs.

Select ADSL2+ Plan

Select VAS (Value Added Services) for Phone

In particular, whether you want your number Listed or Unlisted -- in hard copy phone directories, such as, but not restricted to, *White Pages*TM as well as online phone directories.

Calling Number Display (CND) means whether your number is shown (Sent) or hidden from (Blocked) from the party you call. It is a statutory requirement that your CND is Blocked, unless you request that it is Sent. There is no charge for this selection, and it may be changed every six months without charge. Changing the CND status inside six months attracts a fee of \$19.95 per instance.

View Caller ID: allows you to view the number of the party calling you, if they are sending CND

Select Call Barring for Long Distance or Information calls or calls to Mobiles

Check with your current call provider to ensure that you are not under contract, and that early termination or other fees will not be incurred.

In the case of a new phone line, confirm that it is trenched (connected to the inside of the house and internally to wall points).

Confirm that you have the required hardware:

ADSL2+ modem / router

ADSL2+ filters for each device plugged into the phone line (phones, faxes)

An approved telephone handset. (If you currently are renting a handset from Telstra, you need to return it to Telstra, and organise an alternate phone, otherwise you will be charged for the handset).

If you have a back-to-base alarm, Digital TV or if you have more than three handsets that will be used concurrently, you will require a Central Line Filter. It is up to you to organise purchase and installation of this.
